PROCEEDINGS UNDER THE PACKERS AND STOCKYARDS ACT

Docket No. 290—In re W. E. Townsend, dealer, St. Joseph Stock Yards, South St. Joseph, Mo. Notice of inquiry issued June 14, 1929, alleging that respondent was insolvent in that he was unable to pay his debts as they became due in the usual course of business. A hearing was held in this case on July 31, 1929, at which time both parties were represented by counsel. On September 20, 1929, respondent was suspended for six months from registration as a dealer with leave, however, during said period to apply for revocation of his suspension on a showing satisfactory to the Secretary of Agriculture that he is then solvent. On September 30, the Acting Secretary issued an order extending the effective date of the above-mentioned order until October 14, 1929.

CALENDARS FOR 1930

Officers in charge and individuals reporting direct to Washington will please indicate in their *stores requisitions for December 1* orders for the wall calendars that they will require for the year 1930. One wall calendar should be sufficient for each room occupied as office or laboratory, and orders should be for minimum number.

The bureau has discontinued the purchase of desk-calendar pads and stands for field stations. However, stations now equipped with such stands may procure pads for the same for 1930 by ordering on their stores requisitions for December 1 the number required, indicating the make of the stand for which intended—that is, whether Gem, Handy, Daily, etc. These calendars and pads may not be forwarded with the other supplies ordered on such requisitions, but an effort will be made to get them to the stations before the first of the new year.

In this connection attention is called to the notice headed "Advertising matter not allowed in Government offices," in Service and Regulatory Announcements for November, 1915, page 127.
